Beyond pleased with Guelph Royal Dental! Everyone is so personable and friendly. I have an irrational fear of the dentist but everyone is so pleasant and sympathetic that any fear I have goes away pretty quickly! Otherwise, they're always quick and efficient and listen to my concerns without issue. Cannot recommend them enough!

I only have good things to say about Guelph Royal Dental - all of the staff are so kind and helpful, and show a genuine interest in their patients. I've developed better oral health habits thanks to them, and always feel welcomed when I enter the office. I highly recommend them!

I would highly recommend this dental office. Once walking in the two ladies at the front desk were very welcoming. I have not gone to see the dentist in over 10 years. Tara who cleaned my teeth did an amazing job when it came to explaining her every step for the appointment. She made the experience enjoyable. Once I was done I saw one out of three dentists. Dr Joanne was super sweet and explained thoroughly. I will be a returning patient. :)

As a new patient the staff was professional and courteous. Special thanks to Tara for having the patience to complete cleaning using the new methods demanded by the covid world. Dr.Sami did a great new patient review and the front desk people, Aurelia and Kim, competed the visit, Glad I choose this as a new dentist in Guelph

My family had the best experience at Guelph Royal Dental!! The staff is amazing and so welcoming!! Definitely recommend. It's very rare that kids love going to the dentist but my 4 year old keeps asking and wanting to go back and visit!! That shows not only does the staff show excellence in their work but really make it a fun experience! ! Thank you!!

I highly recommend Guelph Royal Dental Centre. Both the front office staff and the skilled dental workers are very friendly, and diligent and thorough in their work. It is not often that I would say I enjoy going to a dentist, but I do here.

I recently had my implant and soft tissue gum graft done here by Dr. Boeriu. I felt minimal pain after and the procedure was a breeze and it went very well. I found the experience amazing as the procedures were very fast which helped with my nerves. The staff were friendly and made me feel at home. The clinic is very clean and modern. The best experience so far. I will definitely come back here for my other dental treatments.

Very pleased with the service and professionalism at Guelph Royal Dental. They point out areas of concern and other items that may be purely cosmetic before I am asked to make an informed decision. They recently identified two teeth with multiple fillings and recommended for crowns on each - the work to prepare the two teeth for permanent crowns was done in about an hour. They also got me into good habit of flossing with cleaning appointments being much easier as a result.

I have been a long time patient with this office, and with the new change I was concerned. Although, they have been very kind and welcoming. They new I was getting married and put together a package and a lovely card for me. A good dental office is one that cares about their patients and makes them feel great; about themselves and their teeth!!

I'm a first time patient here and I was very nervous about the change in general! The team here made the visit very comfortable and happy experience. The front reception makes you feel welcome and at ease, they work around your schedule, very knowledgeable. The assistants are all so very kind and understanding. The doctor went out of his way to ensure I was comfortable as possible! Dr is an amazing doctor he listens to your concerns and takes them into consideration he walks you through the process so you don't feel uncomfortable he makes your appointment go as smoothly as possible. By far the best experience I've ever had at the dentist and it's thanks to the dedication of this amazing team! Most definitely will continue my future dental needs and absolutely will be bringing my family and friends!

I had a chance to be a patient of dr Sami and being so well treated.
Very good professional but also very nice and patient. I strongly recommend him.
Beside dr. Sami, there is his dental hygienist, Jenny, real helper and all smiles...
I cannot forget about the lovely and welcoming faces from the front desk, Aurelia and Kim. Pleasant presence and good at their job.
All team makes you feel you are at the right place. Thank you!
